

School of the Osage 2024

# SUMMER SCHOOL

# SESSION DATES

School of the Osage is excited to announce that the district will offer Summer School again this summer. There will be a wide range of learning opportunities and activities to kick your summer off! The dates are as follows:

- May 28- June 14, 2024 for Elementary and Middle School students 8:00-12:30
- May 28- June 21, 2024 for High School Students- (no school June 19, 2024) 8:00-12:30
- May 28- June 14, 2024 for Extended Learning- 12:30-6:00- NO Mondays

Please notice the time change. We will be returning to a half-day model.

---

# POINTS OF INTEREST

- Breakfast and lunch will be provided free of cost!
- Breakfast begins at 7:30am.
- Limited bus transportation routes will be available.
- You will need to complete an online registration through Infinite Campus.
- Some of the courses additionally require a paper registration packet:
  - Driver Education
  - ACT Boot Camp
  - UE courses

Registration will open on April 5, 2024

Classes will be offered in grades 1-8 with an academic focus on reading and STEAM (Science, Technology, Engineering, Art, and Math). High school classes will be a variety of for-credit, credit recovery, and two non-credit courses- Driver Education and ACT Boot Camp.

For more information, contact Misti Brunnert, Summer School Coordinator, by phone at 573-348-0115 ext. 4102, or email [brunnertm@osageschools.org](mailto:brunnertm@osageschools.org).

Note- This enrollment packet is not intended for Extended School Year (ESY) students. Separate ESY enrollment forms will be sent to the families of qualified students. Please contact your student's case manager at your school if you have questions.

## GENERAL INFORMATION

- Online registration through Infinite Campus will open on April 5, 2024.
  - Breakfast is available from 7:30-8:00 each morning for no cost to anyone birth-18 years of age.
  - Limited transportation will be provided through designated summer routes.
  - You will enroll your student in the grade they will be entering in August of the 2024-2025 school year.
  - We are offering "Jump Start" kindergarten for students who are entering school this fall.
-

# HERITAGE ELEMENTARY- GRADES K-2

## **Jump Start Kindergarten**

Preparing your child for a successful kindergarten year

Jumpstart Kindergarten will be an opportunity for your child to become familiar with Kindergarten and Heritage Elementary. We will focus on colors, numbers, shapes and writing our name the "Kindergarten Way." Your child will have the opportunity to work on their social skills, listening skills and interact with fun stories.

**NOTE:** New students enrolling in JumpStart should attend Kindergarten Registration on April 5 or April 12. Please call 573-365-5341 to schedule an appointment. Current Early Childhood Center (ECC) students need not attend.

## **Imagination Station- First Grade**

Have you ever wondered what it would be like to have wings? We are going to learn all about aerodynamics and what makes things fly well. We will even create our own flying machines and test how they fly!

Have you ever had a problem that you couldn't fix? Have you had an idea for something that hasn't been invented yet? Here is your chance to invent something that will make life better!

Ever wonder what it would be like to be in charge of keeping the world safe? We are going to shake, rattle, and roll as we create our own earthquake shelter!

This year in our summer school classroom we will do all of this and more? We will be creating, collaborating, and testing ideas through a series of interactive projects and research. We will spend time collecting data, testing our ideas and using technology to lead us to our conclusions.

## **Camping in our National Parks- Second Grade**

Join me as we dive into the world of camping. We will plan a camping trip to 2 National Parks of your choice, take virtual tours, build a landform from each park, research the history of each park, as well as budgeting how much the trip will cost given a certain budget.

## **Weird Science- Second Grade**

Can you pour water and turn it to ice? Have you ever had dry ice cream? What is the difference between dry ice cream and homemade ice cream? Have you ever heard of ThermoChromic Slime? Let's make some and explore what it does. Let's question like a scientist, design like a technologist, build like an engineer, and create like an artist! Let's have fun!!

## UPPER ELEMENTARY GRADES 3-5

The Upper Elementary is excited to announce students who choose to participate in Summer School will now get to experience all classes offered at the UE. Students will rotate to each class offered and participate in various learning activities tied to reading, math, and science. Students will also participate in hands-on activities where they will work collaboratively together to solve problems. Descriptors for course offerings at the UE are listed below. Once your student is signed up for Summer School, your student will receive a schedule of their courses. The UE looks forward to allowing ALL of our students to participate in each course offered during Summer School.

### **Storybook Crafts**

Teacher: Randi Odell

3rd and 4th Grade

Do you love storybooks? Are you creative? Do you enjoy figuring out how things work? Then Storybook Crafts is for you! Even if you answered no to these questions, Storybook Crafts is for you. We will explore the world of Storybooks and let those books take us into the crafting world. We will do a variety of crafts that will inspire your creativity. Get ready to jump into story books and create!

### **Gym of Geometric Shapes**

Teacher: Mr. Horsman

4th and 5th grade

Have you ever wondered how sports or even recess games were thought of, designed or even planned out? How were the rules developed to ensure it is a fair game to play? How would you like a chance to develop your very own game? The UE Gym of Geometric Games will give you just that opportunity. But wait!.....You do not know how to design a game? It all starts with studying and researching some of the most famous games played on the playground and in the gym. We will be sharpening our math and science skills through geometry, measurement, the scientific method, and even force and motion! Once we have a deep understanding of the math and science aspects of successful games, it will be time for the creative minds to come together to design a new game that will be tested to ensure it is fair, playable, and most importantly fun for all ages!

# UPPER ELEMENTARY GRADES 3-5

## **UE Escape**

Teacher: Mrs. Farfan

3rd and 4th Grade

Have you ever wanted to break out of school? Do you like to learn new information and solve puzzles? Then join me in UE Escape.

Every day will be a new adventure where you will use your reading and math skills to break out of the summer school classroom. Will we be kept in the kitchen, locked in the locker room, stuck in the scientific method? You never know what the day will bring.

You will also have a chance to create your own Escape Room and challenge the students and teacher to break out before time is up!

I can't wait to crack the classroom code with you!

## **Game On**

Teacher: Ms. S. Adams

3rd & 4th

Is gaming on your to-do list this summer? This is the place for you! From Monopoly to Jenga, to the good ol' outdoor fun. Let's have fun with old games, discover new ones, and make our own, writing our own rules, and have a blast doing so!

## **Studio Art**

Teacher: Mrs. Ward

3rd & 4th

During Studio Art students will be creating landscapes using paints. This can get messy, but be a ton of fun! Students will research and learn how to paint a realistic landscape using a variety of techniques and paint brushes. In addition to enjoying painting, students will also spend time using clay to create ceramics. Students will learn about the process of turning clay into ceramics, plus research a variety of tools and techniques involved in the process.

## **Dream Vacation**

Teacher: Mrs. Gardner

4th & 5th

If you love going on vacations and want to plan your VERY own dream vacation, this is the class for you. You will learn to use research skills and cursive writing to investigate top vacation spots in the world. This information will then be used to plan an itinerary for your trip. You must also plan a detailed budget including travel, activities, food, and the amount of people you take on your vacation. A keynote presentation will be created to present your dream vacation. Come and check it out!

## MIDDLE SCHOOL 6-8

Below you will find a list of the classes offered at the Middle School during summer session. During summer school, students will experience a rotation of the classes offered below. On the registration form, please indicate your student's transportation plans, as transportation will be limited.

### **6th Grade Boot Camp**

Teacher: TBD

This class is designed to help incoming 6th graders get a head start on life as a middle school student at OMS. Through a variety of math, reading, and STEM activities students will begin to unlock the keys to success in 6th grade. They will then have the opportunity to create their own challenges to assist their classmates who will be joining them in the fall.

### **Math Enrichment/Credit Recovery**

Teacher: Mrs. Jones

This summer school math enrichment/credit recovery class will be provided to help students continue to grow their math skills through a variety of lessons and activities that are appropriate to the student's current level.

### **ELA enrichment/Credit Recovery**

Teacher: Mrs. Bradley

This summer school ELA enrichment/credit recovery class will be provided to help students continue to grow their English Language Arts (with an emphasis on reading) skills through a variety of lessons and activities that are appropriate to the student's current level.

### **Summer Science: Conservation**

Teacher: Mrs. Brenda Thompson

This summer we will be learning about conservation. Being from the beautiful Lake of the Ozarks, most of us are familiar with the term conservation, but what does it really mean? We often think of conservation as preservation of an area for wildlife. And while that is true, in science conservation can have multiple meanings. Over the next few weeks we will learn how the Law of Conservation of Energy and the Law of Conservation of Matter go hand in hand with biological Conservation. What we have is what we get! How can it be altered? Restored? Destroyed? Created?

### **Lifetime Sports**

Teacher: Mr. Volkart

This class is designed to improve your fitness and allow you to experience and gain skills playing sports that you can enjoy throughout your lifetime. Each week will focus on a different sport and will include research into history, rules, and legends of each game and may include field trips. There will also be an emphasis on maintaining a healthy lifestyle that can be accentuated by playing these sports.

# HIGH SCHOOL 9-12

Below you will find a list of the classes offered at the High School during Summer School. There are several options- online courses for credit, in-person credit recovery, special opportunities that are not for credit.

## **ONLINE Personal Finance (required graduation credit, 0.5 practical art credit)- Mrs. White**

### **Must be taken with Career Mentor course.**

This course will be offered ONLINE ONLY. Students will be issued their school device through the month of June to complete coursework. Students may choose to work from home, but are welcome to come to the high school during summer school hours to have free Internet access. Students enrolled in an online summer course will be required to attend a summer school orientation meeting on Tuesday, May 28th, 10:00am-12:00pm. This instructional program prepares individuals to understand the unique dimensions of one's own personal finances. It includes instruction in financial goal setting and strategies, household income and money management, including spending, credit, saving and investing. This class would be open to students grades 9-12. 30 seats are available.

## **ONLINE Health (required graduation credit, 0.5 required credit)- Mr. Baumstark**

### **Must be taken with Speech course.**

This course will be offered ONLINE ONLY. Students will be issued their school device through the month of June to complete coursework. Students may choose to work from home, but are welcome to come to the high school during summer school hours to have free Internet access. Students enrolled in an online summer course will be required to attend a summer school orientation meeting on Tuesday, May 28th, 10:00am-12:00pm. This course includes the following subject areas: personality and emotions, medical care and preventative medicine, biological systems of the body, nutrition, diet and weight control, physical fitness, infectious diseases, tobacco, drugs and alcohol, and CPR. This course is open to students grades 9-12 (upperclassmen given priority). 30 seats are available.

## **ONLINE Speech (.5 credit-meets the required Speech credit for graduation) - Mrs. Hinshaw**

### **Must be taken with Health course.**

Summer School Speech is an online class. If you have ever been afraid of speaking in public, you should take this class. You will learn strategies that address fear of public speaking and how to be a better communicator! We will learn how to work with peers to promote civil discussions and decision-making! This will meet your Speech requirement for graduation!!!

# HIGH SCHOOL 9-12

**ONLINE Career Mentor: (.5 credit-meets the required Career Mentor credit for graduation)- Mr. Happel**

**Must be taken with Personal Finance course.**

Summer School Career Mentor meets the graduation credit for Career Mentor in a much shorter time. We will learn how to build on your own strengths and utilize others strengths to maintain positive relationships. We will perfect resumes and get you ready for future interviews as well as set up a solid plan for after graduation!

## **Credit Recovery Courses- Mrs. Rowland**

Credit recovery courses required for graduation in the four core areas are offered through Odysseyware, an online learning system. A student may take up to TWO credit recovery courses during summer school (recovering a total of 1 credit toward graduation or to recover credits toward regaining MSHSAA eligibility). Credit recovery for non-core classes requires administration approval. 50 seats are available.

### Regaining MSHSAA Eligibility through Credit Recovery

For students attending summer school credit recovery in order to regain eligibility, MSHSAA sets for the following:

Grades 9-12 Summer School: Secondary school-sponsored summer courses may count toward maintaining senior high academic eligibility for the FALL semester providing the following requirements are met:

1. The counting of secondary school-sponsored summer school credits must first be approved by the local school administration.
2. Credit earned for the summer school course is placed on the student's school transcript and counts towards graduation.
3. The course must be a class identified by the local school board/governing body as required for graduation/promotion requirements.
4. Electives taken in any of the four core content areas (language arts, mathematics, science, and social studies) may be counted toward this requirement of academic eligibility.
5. Correspondence/online courses may not count as summer school credit, unless they meet the requirements of By-Law 2.3.4c.
6. A MoVIP course may count toward fall eligibility if the course taken meets the requirements of this section and is completed on or before July 31.
7. No more than one credit earned in summer school shall count toward maintaining academic eligibility.

## HIGH SCHOOL 9-12

Driver's Education (NO high school credit)

30 hours of classroom time WHICH WILL BE DONE ONLINE via CANVAS & 18 hours of observation and driving time. Although this class is transcribed on the student's permanent record, NO HS credit will be given). Designed to promote a positive attitude toward safety, this course helps students become well-informed, safe drivers. Lessons and activities focus on driving laws, the driving task, car controls, defensive driving maneuvers, negotiating intersections, and car control. Students will explore driving strategies for city traffic, rural roads, and highways, during bad weather, and handling emergencies. They will also examine how alcohol and other drugs can affect their driving, as well as the hazards involved with driving distractions, such as cell phone use. Certificate will be issued upon completion. 18 seats are available. The high school administration holds the right to deny an applicant due to attendance, grades or discipline. Ms. Brunnert will notify applicants of their standing.

Requirements:

- Students must be enrolled in the Osage school district and have attended the 2022-2023 school year.
  - Priority enrollment will be given to students who have maintained 90% attendance, and at least a 2.5 GPA during the 2022-2023 school year.
- Students must be at least 15 years old prior to the beginning of the driving and observation portion.
- Students must complete all assessments at a minimum of 80% of the possible points for the class.
- Students must meet all skill objectives at a minimum level of 70% for the class.
- Students who fail to complete the Online Canvas class with an 80%, prior to the start of driving sessions, will be removed from the driving and observation schedule and dropped from the course.
- School of the Osage School District is obligated by the Department of Education to meet minimum standards for a Driver's Education program; therefore, there are no exceptions to the requirements.

## HIGH SCHOOL 9-12

### **Lifetime Sports (co-ed) (0.5 credit—meets part of 1.0 physical education graduation requirement)-**

This course applies the principles, practices and the importance of lifelong individual fitness. Students will participate in a variety of high intensity aerobic fitness workouts and participate in individual fitness evaluations to determine individual fitness goals and progress. In addition, students will have the knowledge of various exercises that can be used to maintain healthy living. In addition, students will learn the history, skills and rules of various competitive sports and games. This course is open to students grades 9-12 (upperclassmen given priority). 30 seats are available. MUST HAVE 15 STUDENTS TO MAKE THE CLASS HAPPEN!!

### **Weights- (co-ed) (0.5 credit—meets part of 1.0 physical education graduation requirement)**

This class will meet from 8:00-12:00 on scheduled summer school days.

Our days will be broken down into segments with appropriate amounts of recovery time for hydration and nutritional purposes. MUST HAVE 15 STUDENTS TO MAKE THE CLASS HAPPEN!!

We will focus on 5 pillars of physical education including:

- Intro to Strength Training
- Cardiovascular Training
- Mobility and Flexibility Training
- Games for Physical Fitness
- Nutrition Education

**ACT Bootcamp-** (NO High School Credit)-- Students will receive instruction for each subtest, take a practice test and get scores, learn test-taking strategies, and learn how to set score goals and achieve them! This class only holds 20 students and you must be able to take the ACT on Saturday, June 8th to participate. The first 15 students to sign up will test for free. We will enroll you and pay for the ACT Test on that day. The meeting dates and times are: June 3rd through June 7th, from 8:00-12:00.

# NOTICE

The U.S. Department of Agriculture (USDA) prohibits discrimination against its customers, employees, and applicants for employment on the bases of race, color, national origin, age, disability, sex, gender identity, religion, reprisal and, where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or if all or part of an individual's income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited bases will apply to all programs and/or employment activities.)

If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, found online at [http://www.ascr.usda.gov/complaint\\_filing\\_cust.html](http://www.ascr.usda.gov/complaint_filing_cust.html), or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at [program.intake@usda.gov](mailto:program.intake@usda.gov).

The School of the Osage School District prohibits discrimination/harassment on the basis of race, color, national origin, gender, age, or disability. This policy pertains to admission/access to, or treatment/employment in its programs and activities. This notice is made to: applicants for admission and employment, students, parents of elementary and secondary students, employees, sources of referral of applicants for admission and employment, and unions or professional organizations holding collective bargaining or professional agreements. Any person having inquiries concerning compliance with the regulations and implementing the Title VI of the Civil Rights Act of 1964, Title XI of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act of 1990, is directed to contact: Assistant Superintendent, School of the Osage School District, P. O. Box 1960, Lake Ozark, MO 65049 (573) 365-4091.
